OVERVIEW

**THE ONHAND ADVANTAGE
ENSURES YOU HAVE THE
RIGHT PARTS ON YOUR
SHELF WHEN YOU NEED
THEM MOST**

BENEFITS:

- Regular stock checks
- Personalized reports showing your shop's top-moving part numbers
- Competitive changeover programs

To learn more or start your new stocking program today, contact your local representative or delivery store.

This icon indicates product that could be eligible for a lift and replace of competitive stock. Contact your local representative or delivery store for details.

**SPECIAL
ORDER
ITEM**

This icon indicates a special order item. Contact your local delivery store to order.

CARQUEST® PREMIUM OIL FILTERS

Built to meet or exceed OE specifications for long-lasting engine protection.

- OE synthetic blend media for up to 10,000 mile engine protection
- High Capacity Filtration - longer life for extended service intervals
- Ideal filter for use with synthetic or high mileage oils
- Meets all new car warranty requirements
- 99% VIO coverage

VALUE FEATURE	PREMIUM
End caps	Metal
ADB valve	Silicone
Nitrile seal gasket	Yes

PREMIUM

- 1 Leaf spring
- 2 Precision bypass valve ensures optimal oil flow
- 3 OE synthetic blend media for greater capacity and longer life
- 4 Durable silicone ADB valve for engine start-up protection
- 5 Internally lubricated nitrile seal gasket

CARQUEST® STANDARD OIL FILTERS

Built to meet or exceed OE specifications for fit, form and function.

- Cellulose fiber high-density media for up to 5,000 miles engine protection
- High Efficiency Filtration - 96% at 20 microns*
- Ideal filter for use with conventional oils
- Meets all new car warranty requirements
- 97% VIO coverage

VALUE FEATURE	STANDARD
End caps	Metal
ADB valve	Nitrile
Nitrile seal gasket	Yes

- 1 Leaf spring
- 2 Precision bypass valve ensures optimal oil flow
- 3 Multi-fiber cellulose media for reliable engine protection
- 4 Nitrile anti-drain back valve for engine start-up protection
- 5 Internally lubricated nitrile seal gasket

*Testing of average filter efficiency of Carquest Standard under ISO 4548-12 for particles 20 microns or greater.

CARQUEST® HEAVY DUTY FILTERS BY BALDWIN

Rigorous testing ensures maximum heavy duty performance.

- OE performance or better throughout
- Extended Drain/Extra Efficiency/Extended Life offerings
- Diverse media grades available to meet application specific requirements

Filter program benefits:

- Coverage for Agriculture, Construction, OTR, Mining, Marine
- Fleet survey and inventory control offerings available

CARQUEST® FILTERS STOCKING SHELF

FREE with purchase of 204 Carquest® Oil Filters.

- Get started today with one case of each of the top 12 numbers, representing more than 67% of VIO coverage
- Top 20 numbers represent more than 80% of VIO coverage

VALUE

Shelf is 36"w x 18"d x 66"h

Shelf has 7 shelves

Carquest® Premium Transmission Filters

- Non-woven fiber media helps remove contaminants
- Utilizes enhanced quality rubber gasket
- Follows OE design

Carquest® Premium Fuel Filters

- Dual level seaming process ensures no leakage
- OE design, fit and function for easy installation and long, dependable performance
- Protective line caps prevent filter contamination prior to installation

Carquest® Standard Fuel Filters

- OE design, fit and function for easy installation and dependable performance
- Diesel fuel filters use "High Efficiency" media paper
- Meets or exceeds OE performance for particle sizes of 6 microns and lower

CARQUEST® PREMIUM AIR FILTERS

- **Superior Fit** — Meets OE specifications for required fit and function
- **Superior Performance** — High efficiency premium media meets 99% of filtration efficiency (SAE J726 sets for minimum at 95%) and provides superior dust capacity
- **Special Construction** — Reinforced metal screen backing with anti-rust coating to improve filter strength and durability
- **Superior Quality** — Precision pleating ensures consistent pleat height, count and spacing while filter media embossing increases tensile strength to avoid collapse

CARQUEST® STANDARD AIR FILTERS

Remove air contaminants and restore engine performance with Carquest® Standard Air Filters.

- **Fit** — Designed to meet OE form, fit and function
- **Performance** — Cured filter media meets 95% of filtration efficiency and allows filter to withhold higher air pressure difference without collapse
- **Construction** — Polyurethane frame provides high tear strength and maintains structural support, reinforced with metal screen backing containing an anti-rust coating for rust prevention
- **Quality** — Specifically measured pleating process ensures consistent pleat height, count and spacing

Carquest® Premium Cabin Air Filters

- Non-woven fiber media
- Meets 95% of filtration efficiency (ISO 11155-1 sets for 95% minimum efficiency)
- Available with active carbon added into filter media for odor improvement (select applications only – part number has “C” suffix)

Carquest® Standard Cabin Air Filters

- Traps dirt, dust, particulates and allergens by filtering the air moving through the vehicle's heating and cooling system
- Allows for proper air flow, when replaced at regular service intervals
- Helps keep HVAC system components working at peak condition
- Recommended 1-year change interval
- Balance of performance and affordability

Rack is 26.5" w x 23.5" d x 80.32" h
with oil box in place

SPECIAL OFFER! Buy 12 boxed fluids and get a FREE rack with 6 transfer jugs — a \$375 value!*

*Limit 2 free racks per customer. Must buy 12 boxes on the same ticket to receive special offer. Customer must regularly maintain boxed oil purchases from Advance Professional/Carquest or Advance Professional/Carquest reserves the right to reclaim racks. CarMax locations are not eligible for this special offer.

CASTROL® ePODS™

An exciting technology that helps make your shop's oil changes run smoother.

Maximum oil usage — Gravity-fed design ensures you use every last drop

Efficient Inventory Management — Innovative dispensing system allows you to carry four viscosity grades in the same footprint of a drum; translucent bottle helps prevent out of stocks

Premium look for a professional shop — Fully integrated design with zero cross contamination

PEAK® OET ANTIFREEZE + COOLANT PROGRAM

PEAK® Original Equipment Technology™ Antifreeze + Coolant is a full line of antifreeze/coolant specifically designed for Asian, European and North American vehicles. Each premium quality formula matches the OEM technology requirements and color recommendations, making it easy to find the right product for each vehicle.

This antifreeze/coolant line is the perfect fit for your customers who are:

- Willing to do research to find the best products for their vehicle
- Accustomed to buying OEM parts vs. aftermarket because they believe the quality is better
- Willing to rely on the dealer to provide them with quality service and parts

ANT OETAAPCQKIT **OR** SKU 12017931

SPECIAL OFFER

Buy 3 cases of PEAK OET Antifreeze + Coolant and get the rack **FREE** — a \$199 value!

*Limit 2 free racks per customer. Must buy 3 cases on the same ticket to receive discount.

RELIABLE. DURABLE. POWERFUL.

Get industry-leading power and reliability with DieHard Batteries.

Engineered to provide superior starting performance and reliability, offering 99.4% import and domestic coverage.

DieHard
POWER AHEAD™

DieHard® Platinum AGM

- AGM technology supports high electrical demands and accessories, and newer vehicles with start-stop technology
- 3-year free replacement warranty
- 2X longer lifespan and powers more accessories compared to standard flooded batteries
- Exceptional performance in high temperature climates
- Superior starting power in cold weather
- Exceeds the vehicle manufacturer's battery starting and reserve capacity power requirements with added AGM technology
- Maintenance free for maximum convenience
- Higher level of vibration resistance compared to standard flooded batteries
- Constructed with stamped grid technology for nearly 3X more corrosion resistance, increased durability and full grid utilization for 60% more electrical flow compared to other grid designs
- Our stamped grid manufacturing process uses 20% less energy and releases 20% fewer greenhouse gas emissions than other manufacturing methods

DieHard® Platinum

- Made for conventional vehicles with medium electrical demands and accessories
- 4-year free replacement warranty
- 30% longer lifespan and powers more accessories compared to standard flooded batteries
- Designed to deliver enhanced reliability and starting power
- Exceeds the vehicle manufacturer's battery starting and reserve capacity power requirements
- Maintenance free for maximum convenience
- More vibration resistance compared to standard flooded batteries
- Constructed with stamped grid technology for nearly 3X more corrosion resistance, increased durability and full grid utilization for 60% more electrical flow compared to other grid designs
- Our stamped grid manufacturing process uses 20% less energy and releases 20% fewer greenhouse gas emissions than other manufacturing methods

DieHard® Gold

- Made for conventional vehicles with low electrical demands and accessories
- 3-year free replacement warranty
- Maximum starting power and reliability with increased battery lifespan
- Exceeds the vehicle manufacturer's battery starting and reserve capacity power requirements
- Maintenance free for maximum convenience
- Constructed with stamped grid technology for nearly 3X more corrosion resistance, increased durability and full grid utilization for 60% more electrical flow compared to other grid designs
- Our stamped grid manufacturing process uses 20% less energy and releases 20% fewer greenhouse gas emissions than other manufacturing methods

DieHard® Silver

- Made for conventional vehicles with lower electrical demands and accessories
- 2-year free replacement warranty
- Good starting power
- Meets the vehicle manufacturer's battery starting and reserve capacity power requirements
- Maintenance free for maximum convenience

DieHard® Red

- Made for conventional vehicles with minimal electrical demands and accessories
- 1-year free replacement warranty
- Reliable starting power
- Maintenance free for maximum convenience

DieHard® Heavy Duty

- Full line of group 31 heavy duty batteries
- Built to meet OE standards
- Reliable starting power
- Stamped Grid Technology is optimized for full grid utilization, providing more than 60% superior electrical flow for better connectivity
- Anchor bonding improves lifetime with superior vibration resistance

*As a stocking customer, you receive the battery rack, metal sign, shop poster, bay banner and DieHard Assurance materials. Contact your local representative or delivery store to learn how to take advantage of the Battery Stocking Program.

FREE DIEHARD ASSURANCE ON EVERY BATTERY PURCHASED AND INSTALLED BY YOUR SHOP*

ALL qualifying DieHard batteries purchased and installed by your shop include **FREE** battery replacement and the following coverage up to \$125:

- 24 months or 24,000 mile coverage
- 24-hour jump starts and towing
- Flat tire changes
- Fluid delivery
- Lock out assistance
- Travel coverage up to \$250
- No cost to you or your customer

*Only includes light duty DieHard Silver, Gold and Platinum batteries.

DIEHARD ASSURANCE MARKETING KIT

Get everything you need to promote DieHard Assurance.

SAVE WITH MIDTRONICS BATTERY TESTERS

Purchase a Midtronics battery tester and earn \$5 cash back on every qualifying* battery purchase.

Batteries never fail at a good time. That's why testing your customer's battery and electrical system is important. The Midtronics battery and electrical system tester helps you keep your customers safe by telling you when batteries are about to fail. And now, when you purchase a Midtronics tester, our Battery Tester Reward Program gives you \$5 for every qualifying battery purchase.

Here's how the program works

- Purchase a Midtronics tester through December 31, 2022
- Earn a \$5 reward for each qualifying purchase of a DieHard® or Optima® car or light truck battery through December 31, 2023
- Limit one cash back reward per professional account

*Excludes Lawn & Garden, Marine, Powersport, Golf Cart, Hybrid and Truck batteries. Rebate paid out quarterly.

CARQUEST® PROFESSIONAL PLATINUM BRAKE PADS

Get unmatched performance and reliability with Carquest® Professional Platinum Brake Pads.

- Leading number of friction formulas for maximum performance
- Original equipment formulation offering
- Burnishing compound for faster break-in of pads and rotors
- Updated HEX Shim Technology™ — engineered with aramid fibers to reduce noise and prevent shim wear
- PTFE coated brake hardware included when available — coated hardware eliminates rust and corrosion buildup to reduce drag, providing increased durability and noise reduction

PROFESSIONAL PLATINUM

Truck/SUV Line

Our Truck/SUV line features all the benefits of Carquest Professional Platinum Brake Pads, with coverage for an extensive list of Truck and SUV applications. The program's formulations are specifically designed for superior performance, with leading stopping power and a quiet performance.

Euro Line

Our new Euro line features all the benefits of Carquest Professional Platinum Brake Pads with a specific design to meet the needs of European imports. The Euro line uses ceramic, low-metallic and semi-metallic friction for superior performance, with wear sensors included for most applications when required.

Carquest® Platinum Rotors

Features RotorShield™, a rust-inhibiting barrier that provides up to 5X more protection than non-painted rotors.

- Engineered to withstand 120 hours of salt spray testing
- Available for late model applications (primarily 2013 model year and newer)
- Designed for open wheels
- Meets or exceeds OE design for superior stopping power
- OE vane size improves cooling, eliminates brake noise and enhances pedal feel
- Air gap eliminates brake fade and increases pad life
- Non-directional finish decreases break-in time

PLATINUM

Carquest® Rotors

- Ready out-of-box
- Meets or exceeds OE design for superior stopping power
- OE vane size with proper harmonic design
- Non-directional finish
- Available for older applications (primarily 2012 and older)

CARQUEST® PREMIUM GOLD BRAKE PADS

Built to meet or exceed OE specifications for fit, form and function.

- **Formulation** — Matches OE offering plus additional ceramic options on select OE semi-metallic applications
- **Hardware** — Included for most applications where required
- **Shims** — Multiple layer shims included for quiet braking
- **Design** — Manufactured by OEM and OES suppliers for reliable braking performance

PREMIUM GOLD

**\$399
VALUE**

SPECIAL OFFER

Free Carquest Stocking Shelf with Purchase of Brake Stocking Program

- Purchase 40 sets of Professional Platinum or Premium Gold Pads to earn a free stocking shelf. Purchases must be made on the same transaction to qualify.

CARQUEST® FRONTLINE SEVERE DUTY AND POLICE BRAKE PADS

Providing maximum braking performance for police, towing, heavy hauling and frequent braking applications, Carquest Frontline brake pads are the ideal choice for severe duty applications.

- **Complete testing protocol using real-world conditions** — Results gathered through on-vehicle testing for superior stopping power and pad life
- **Premium formulations** — Dissipates heat and reduces high-temperature fade, delivering extended pad life and lower cost-per-mile
- **Patented 4-layer HEX Shim Technology®** — Ensures quiet braking in all conditions
- **Superior stopping power and pad life** — Delivers the tough reliability required for police and severe duty fleets
- **Pad installation hardware** — Included where required to complete the job

FRONTLINE

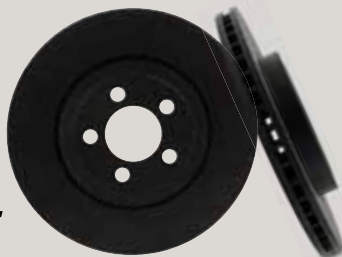

Carquest® Frontline™ Brake Rotors

Manufactured to withstand severe duty abuse, extending the limits of braking punishment from heavy towing or pursuit applications. Frontline Severe Duty castings meet or exceed original equipment design, delivering better stopping power, superior heat dissipation and high tensile strength.

- High tensile strength and carbon content for superior severe duty performance
- Coated to prevent rust and corrosion, improves heat venting
- Built to meet or exceed OE fit, form and function

FRONTLINE

CARQUEST® BRAKES CHANGEOVER PROGRAM

- Ask your local representative or delivery store about the Carquest Brake Pads stocking program. We'll even give you credit for your old pads with a changeover.
- Credit amount issued is based on comparable pads
- Carquest Professional Platinum, Premium Gold, and Standard brake pads are eligible for changeover

CARQUEST® PREMIUM COATED BRAKE CALIPERS

Carquest Premium brake calipers are engineered to fit and perform like original equipment for worry-free operation, with a premium protective coating* where applicable.

Developed with the professional installer in mind, Carquest Premium calipers include all required hardware for a complete installation and worry-free operation for miles to come.

- Coating is salt-spray tested for 72 hours of continuous exposure without corrosion
- Manufactured to meet or exceed OEM specifications
- 100% end-of-line tested for worry-free performance
- OE grade replacement components for long service life
- Engineered to improve durability and extend service life
- OE grade pad hardware included for proper pad installation and operation

*All cast iron brake calipers are coated.

STRONGARM® DISPLAY RACK

Includes a pair of lift supports for 18 of the most popular part numbers. Save an average of \$12 per lift support, plus receive a **FREE** display rack. (\$40 retail value)

- Unique self-cleaning piston technology, patented multi-lobe sealing system and temperature compensation module (available in some units)
- This is an easy add-on to demonstrate to your customers
- Does not require special tools to complete the job

DORMAN® KEYLESS REMOTE SOLUTIONS

Dorman key fobs look and function just like original keyless remotes, without the high cost and hassle of visiting a dealership for programming.

- Most comprehensive selection of inexpensive, replacement key fobs and repair cases
- Everything needed to pair new keyless remote to vehicle is included (where applicable)
- Shops no longer need to send key fobs out for programming or for mobile locksmiths; saving time and money
- Can be ready in minutes instead of hours

COVERAGE FOR NEW RFID KEY FOBs

Innovative Solution

Includes patented programming tool that plugs into OBDII port, eliminating the need to pay for programming.

- **Save time** — Dorman's remotes can be programmed to vehicle in minutes, following supplied instructions and without the need for a scan tool.
- **Save money** — Dorman key fobs can be paired using included programming module or by following included instructions. No expensive, time-consuming dealership appointment required.
- **Keep functionality** — Once programmed, Dorman replacement key fobs duplicate the functions of the original remote and closely resembles it in appearance.

DORMAN

Duracell® Keyless Remote Batteries

We provide replacement keyless remote batteries for thousands of vehicles and other household items.

- Carry the top items for an easy upsell and attachment opportunity for all service work
- Recommended assortment covers over 90% of the keyless battery market

TYC® LIGHTING ASSEMBLIES

- Features the latest LINbus and CANbus communication protocols to ensure proper functionality of advance functions such as AFS (Adaptive Front-Lighting System) and LED (Light-Emitting Diode), started with high-end options/vehicles around 2010. Tested to function and to endure heat, cold, salt and rain environments.
- More than 300 OE exact replacement LED lamps where the OE cannot be serviced with traditional change of halogen bulb. Replacement of the entire lamp is required.

Vehicle exterior lighting is a major safety function of a vehicle, regulated and required by FMVSS108 (Federal Motor Vehicle Safety Standard 108) issued by NHTSA (National Highway Traffic Safety Administration). Routine maintenance and replacement to ensure optimal function is a must.

TYC®

Sylvania SilverStar® Premium Headlight Bulbs and LED Mini Bulbs

- Sell more services when you carry replacement bulbs
- Labor costs are the same regardless of the bulb
- 30 part numbers give you the coverage you need
- Improve profit by upselling to Premium bulbs

PERFECT® EQUIPMENT CLIP-ON WHEEL WEIGHTS

Lead

- Uncoated or with premium powder coating for corrosion protection
- OEM-approved clip designs
- Made in the USA for over 75 years
- Clear markings for easy identification
- Well-proven design that has become the industry standard

Steel

- A new, non-lead alternative designed for the aftermarket
- 5-year proven powder coating for corrosion protection
- Hump-down design helps to decrease overall body length
- Newly-patented SecureClip™ design for increased clip retention

Zinc

- Easy to install – functions and fits much like lead
- Superior corrosion resistance – will never rust
- Softer material reduces scratching
- The most used material on a global scale
- Environmentally friendly

Lead is restricted and cannot be sold or distributed in following states: CA, IL, MD, ME, MN, NJ, NY, WA and VT.

Perfect® Lead and Steel Adhesive Weights

TPMS - UNIVERSAL SENSORS

Universal (also known as cloneable or programmable) sensors are available from several brands and give your shop a way to stock fewer part numbers of TPMS with more coverage. Universal sensors will require programming prior to installation in order to work properly. After programming and installation, you will typically need to relearn the position of the sensor as well.
